7. Conformity Assessment Procedure

This Declaration is issued under the applicable conformity assessment procedures established by **Regulation (EU) 2025/40**.

No Notified Body intervention is required for the packaging systems covered by this Declaration.

8. Additional Information

The plastic materials declared herein refer exclusively to packaging components, including primary, secondary and tertiary packaging.

Depending on the product configuration, the packaging materials include:

- Polyethylene (PE)
- Polylactic Acid (PLA), where applicable

Unless otherwise specified in Annex 1, no PET, PVC, PS, EPS or other plastic materials are used.

Paper-based packaging components are excluded from the plastic weight calculations.

The recycled content of each packaging component is identified in Annex 1.

This Declaration applies exclusively to packaging materials. The medical devices themselves are not considered single-use plastic products for the purposes of packaging compliance assessment.
